

Care Packages:

First Access' care packages are vital to helping patients, students and elders in India providing them with the basic necessities they need and deserve every day. These packages are divided into 3 categories: menstrual hygiene, basic hygiene, and first aid, each working to address a different crisis in India.

The Menstrual Hygiene Care Package:

This package consists of various menstrual products and works to empower all girls and women to thrive in their daily life. A period is an experience that every girl in the world will go through, making it essential that every girl has these items. This package provides 1 girl with adequate menstrual hygiene, for up to 6 months.
